3 March 2015

To whom it may concern,

I am happy to confirm that the Bognor Regis Gaming Association will be fundraising in support of Roy Castle Lung Cancer Foundation throughout 2015 and 2016. We are delighted to have had the long standing support from BRGA which has fundraised for us over the past seven years.

By supporting BRGA and its charity collections, you will be helping the charity to achieve its goal to defeat lung cancer. Over the last year we have made some big accomplishments, 10 new research grants, for example, have been approved which means we are now able to spread our research across the UK. This not only means that we can raise awareness nationally but also that we have more people working towards finding a cure for the terrible disease. Achievements like this are thanks to supporters like BRGA that continue to donate to and support our work.

If you would like any more information about the Roy Castle Lung Cancer Foundation's work or require additional information regarding BRGA's fundraising activities then please don't hesitate to get in touch, you can contact me at the Foundation's office on, 0333 323 722 (ext 9124).

Yours Faithfully,

Emma Newnes
